

Dear Colleague, dear Student,

Welcome to the website of the South Buda Central Hospital Saint Emeric University Teaching Hospital.

We are happy that you consider to come to our institute for clinical practice. Please carefully read the next paragraphs, where we summarized all the important requirements needed to have a fruitful and profitable practice period at St Emeric!

1. Please fill out the attached data sheet precisely. It's especially important to mark the exact period you want to spend at our Hospital.
2. The filled data sheet has to be sent to [student@szentimrekorhaz.hu](mailto:student@szentimrekorhaz.hu) at least 1 month before the planned start of training. We will send the application acceptance by e-mail. Please consider, that the number of accepted applications are limited, for the sake of effective and fruitful practice.
3. If your application is accepted, please show up on Monday at 9am at the Dept. of Human Resources (Building "F", 1st floor). Here you are going to receive the needed paperwork, briefings (quality control; fire, environmental, labour and personal data safety / currently in: building "K" 5th. Floor, Dr. Louis Hegyi Room 10:00 a.m./). In the meantime, you should participate on medical checkup (medical eligibility), see No.4.
4. To pass the obligatory medical checkup you should have a chest X-Ray result (not older than one year), and proof of vaccination against HBV. Students coming for gynecology practice need to have also: stool culture, throat culture and Treponema (lues) screening test.
5. You need to have a declaration of being student of your Medical School.
6. Please bring with you your dress (medical coat, shirt, trousers, skirt as needed), as our hospital cannot provide any clothes.

We hope that your stay at Saint Emeric will be beneficial for you!
